There are four phases to prescription drug coverage under Part D.

- **Deductible Stage:** During this stage, you pay the full cost of your drugs. You stay in this stage until you have paid \$445 for your drugs (\$445 is the amount of your deductible).
- **Initial Coverage Stage:** During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost. You stay in this stage until your year-to-date “total drug costs” (your payments plus any Part D plan’s payments) total \$4,130.
- **Gap Coverage Stage:** During this stage, you pay 25% of the price for brand name drugs (plus a portion of the dispensing fee) and 25% of the price for generic drugs. You stay in this stage until your year-to-date “out-of-pocket costs” (your payments) reach a total of \$6,550.
- **Catastrophic Coverage Stage:** During this stage, the plan will pay most of the cost for your drugs. You pay the greater of:
 - --either-- coinsurance of 5% of the cost of the drug,

- --or-- \$3.70 for a generic drug or a drug that is treated like a generic and \$9.20 for all other drugs.

Cost-sharing may differ based on point-of-service (retail, Long Term Care (LTC)), home infusion, whether the pharmacy is in our standard network, or whether the prescription is a short-term (30-day supply) or long-term (90-day supply).

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 1-844-205-7244 (TTY 711).

Understanding the Benefits

- ☐ Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit AlignSeniorCare.com or call 1-844-205-7244 (TTY 711) to view a copy of the EOC.
